Handout 6: Member Licenses

The **Member Licenses** pages are used to view, add, and update license data for individual members. License information captured through an interface with the Motor Vehicle Commission (MVC) and data entered manually by the user are recorded on the **Member Licenses** page.

The **License Status** field displays the license status that NJKiDS has sent to the MVC. An entry of **S–Suspended** in the field would mean that NJKiDS sent a suspension request to the MVC.

Page Name	Function
